ABOUT ME

Outstanding Peruvian student of Computing and Informatics at the Cibertec Institute (Peru), where so far I have achieved 3rd and 2nd place in the first and second cycle, respectively. I aim to specialize and work in Backend development. I have skills to work in a team, good communication, responsibility, and my hobbies are music, video games, and exploring new income streams.

SKILLS AND ABILITIES

Autodidact, responsible, perseverant, good communication skills, and outgoing. Ability to work independently, in a team, or leading a team, demonstrating leadership skills.

Language proficiency: Native Spanish, advanced English, and basic Japanese.

EDUCATION

2023-present | Cibertec Institute | Lima, Peru

Degree in Computer Science and Informatics.

Currently in the 3rd cycle of the program (2024-I)

2016-2022 | Peruvian University of Applied Sciences (UPC) | Lima, Peru

Music degree (completed coursework up to the 7th cycle)

TECHNICAL SKILL SET

Java, HTML5, CSS3, JavaScript, SQL (basic) and Microsoft SQL Server (basic).

RELEVANT PROJECTS (GITHUB)

Sales software for a store (October 2023 - December 2023):

Final Project at Cibertec for the Algorithms and Data Structures (AED - 2nd cycle) course.

It features a simple database in Notepad.

I served as coordinator and group leader for the development of this software, as well as the main software developer, using and acquiring new knowledge in Java.

Software Tools: Java (Intermediate).

Website about the FIFA World Cups won by the Argentina national football team (October 2023 - December 2023):

Final Project at Cibertec for the Web Environment Development (DEW - 2nd cycle) course.

It includes various transitions made with JavaScript.

I contributed to the development of the website using my knowledge of HTML, CSS, and JavaScript.

Software Tools: HTML5 (Intermediate), CSS3 (Intermediate), and JavaScript (Intermediate).

ACCOMPLISHMENTS

Recognition for Best Project and Presentation at Fair

Final project of the "Introduction to Algorithmics" course (cycle 2023-I) was selected as the best of the course from the campus, representing the course at the Institute's 2023-I Technological Fair (Lima Centro campus).

COURSES AND CERTIFICATIONS

Máster Completo en Java de cero a experto 2024 (+127 hrs) | UDEMY Platform

STATUS: Currently in progress

EXPERIENCE

2022 - present | Office supply store | Family business

I handle customer service, cash management, and stock checking.

April - November 2022 | Sound Assistant | Real Club de Lima

I efficiently handled the sound equipment for the Club's weekly events under the supervision of a professional sound technician.

2019 - 2021 | Music Teacher | DOREMI School

I successfully taught guitar and piano classes.
